That was volume 4!

It's none of your business but I ended up buying a smartphone. (Although this may not be important to you, I ended up buying a smartphone.) It's damn hard to use. I'm always pressing in the wrong place. I'm mostly used to it but I'm still bad at texting. Now I'm playing something called *Naruto*. I have not harvested anything yet.

I have too many apps and I don't know why... hahaha. I'm sure I'll get used to it sooner or later. Really. I'll do my best. I'll be in Okinawa by the time volume 4 comes out. It's been a while since I last travelled! I'm looking forward to it.
